ISSUE: (C) To update the Secretary of the Army about recent events impacting on Army GRILL FLAME.

1. (S/NOFORN) On 20 Aug 82 OACSI, DA was informed that Congressional budget authorization committee conferees had agreed to curtail all operational activities conducted by Army GILB FLAME in the Nation Foreign Intelligence Program for the 1982 fiscal year 1982. The conferees agreed to retain \$0.3M for DIA to complete the third year of a three year research project. Further funding, if any, of this parapsychological research and experimentation activity was to be budgeted outside of NFIP.

3. (S/NOFORN) As a result of the efforts of the Director, General Defense Intelligence Program, the Under Secretary of Defense for Research and Engineering has authorized the use in FY 83 of Program 6 resources to maintain current Army INSCOM capability and supplement as necessary the FY 83 Defense Intelligence Agency evaluation effort. The USDRE memorandum was accompanied by a very gratifying Flag Note from Director, DIA (Incl 1). We fully intend to capitalize on the opportunity presented by the USDRE decision and will be briefing both the Assistant Secretary of the Army (Research, Development and Acquisition) and the Deputy Chief of Staff for Research, Development and Acquisition in the near future.

4. (S) The DIA evaluation effort referred to in the USDRE memorandum is in response to a letter to the Secretary of Defense from the Chairman, US House of Representatives Permanent Select Committee on Intelligence (Incl 2). We are prepared to support DIA in their evaluation effort and expect that INSCOM GRILL FLAME achievements will play an important part in the process of validating the use of Remote Viewing in operational applications.

5. (S/NOFORN) Because of the relatively wide dissemination of Army GRILL FLAME information during the budget justification period, INSCOM has changed the project name to "CENTER LANE." The project continues as a Special Access Program under its new title and we will seek your approval in the near future to continue to engage in DOD GRILL FLAME activities as CENTER LANE during 1983.
